~~TOP SECRET EYES ONLY~~

Message to Mr. McCone via CIA channels
From: Bundy

Following is the final text of the draft declaration which McCloy will take up with Kuznetsov Sunday, as agreed with the President last night after Hyannis meeting and further drafting here. We believe it fully safeguards U. S. position, especially by its incorporation of Rio Treaty, but in light of your personal note to me, I would like you to have it in time to comment if you wish.

McCloy has discussed this text with General Eisenhower who fully supports plan to wind up negotiations in a way which fully protects overflights and intelligence resources

Draft declaration follows:
